JANUARY 2022

Nissan Parts & Accessories eCommerce

Nissan Parts & Accessories
December was the peak month for
over **\$1.6 million** in sales, our
largest sales month since the launch of
those from December 2021, thanks to
program and our new website.

This achievement comes from our strong
dealer base, our partnership with
Nissan who have helped us integrate
program into what it is today. We will
continue this growth and thank you for
for your parts department.
